The series (A YEAR IN EUROPE) begins with book #1 (A MURDER IN PARIS). Diana Hope, 55, is still adjusting to her recent

She realizes the time has come to reimagine life without him—in fact, to reimagine her life, period. Now, the time has come. Diana never forgot her first boyfriend, who begged her to join him for a year in Europe after college. She had wanted to go so badly, but it had seemed like a wild, romantic idea, and a gap year, she'd thought, would hinder her resume and career. But now, with her daughters grown, her husband gone, and her career no longer fulfilling, Diana realizes it's time for herself—and to take that romantic year in Europe she'd always dreamed of. Diana prepares to embark on the year of her life, finally turning to her

bucket list, hoping to tour the most beautiful sights and sample the most scrumptious cuisines—and maybe, even, to fall in love again. But a year in Europe may have different plans in store for her. Can A-type Diana learn to go with the flow, to be spontaneous, to let down her guard and to learn to truly enjoy life again? In *DEATH IN FLORENCE* (Book #2), Diana arrives in Florence, ready to shake off the events of Paris and fulfill her lifelong dream of being proposed to on the romantic Ponte Vecchio bridge. Draping - Karolyn Kiisel
2013-09-13

Draping—the art of using cotton muslin to create womenswear directly on a dress form—is an essential skill for fashion designers. Through a series of step-by-step projects, designed to develop skills from the most basic to more advanced techniques, this book will guide you in creating both classic and contemporary garments, as well as historical styles and costumes. Draping projects include dresses, bustiers, and jackets, and highlight key fashion garments such as Audrey Hepburn's dress from Breakfast at Tiffany's and the Dolce & Gabbana tuxedo jacket. Starting with the basics of choosing and preparing the dress form for draping, the book advances through pinning, trimming, and

clipping, and creating shape using darts and tucks, to adding volume using pleats and gathers, and handling complex curves. Advanced skills include how to use support elements such as shoulder pads, under layers, and petticoats, and how to handle bias draping. The book culminates with a chapter on improvisational skills. Each skill and technique throughout the book is explained with step-by-step photographs and line drawings that bring the art of creating womenswear in three dimensions to life.

The Cowboy Finds a Family - Anne McAllister 2021-02-11
Mr. Stubborn. Mace Nichols is an 'I'll die with my boots on' cowboy. Old-school. Tough, silent and honorable. Which is why he's leaving his wife, Jenny. She has helped him build his dream—the Montana ranch they loved. Now he can't give her the family she's always dreamed of, so he has no choice: he needs to set her free. It makes perfect sense to him. It doesn't make a bit of sense to Jenny! She loves her stubborn, bull-headed husband.

She admires his courage, his tenacity and his determination to always Do The Right Thing—even if, in this case, it is the stupidest thing he's ever done. Mace is right—Jenny has always wanted a family. But she wants a family with Mace! How can she convince the most honorable, stubborn man in the world what really matters in life? First published as *A Cowboy's Tears Shadow Pawn* - Cat Johnson 2021-06-08

He'd spent his career hiding in shadows. Now they want to send him back into them. The question is, who are they? Is this job his saving grace or has he just made a deal with the devil? When the military makes Navy SEAL sniper Adam Nichols their sacrificial lamb just two years shy of his retirement, he has no more reason to follow their rules. So the offer the shadowy figure representing an undisclosed organization makes him looks pretty good. In exchange for more money than he ever made working for the command that betrayed him, Adam is to use

any means necessary to free an American woman held hostage in China, without backup and without causing an international incident in the process. With the promise of possible redemption, in addition to his obsession with the intriguing damsel in distress who kicks his protective side into high gear, his choice is clear. But who is the tawny-skinned, sophisticated, captive beauty in the photo who rouses feelings he's long denied? The impeccably-dressed, ebony-haired stranger with the intelligent yet secretive golden-brown eyes who seems so completely opposite from his own beastly rough nature. He's to rescue her, and protect her, and nothing else. Easier said than done. And after he does free her, is he handing her over to the good guys, or the bad? Or, perhaps, she's the one he should be worried about. He only knows one thing for certain—a SEAL who's lost the ability to trust his gut instincts is, quite simply, lost.

The SEAL's Surprise Son

Leslie North

Fate gave them a second chance at love... Carolyn Evert couldn't take the sleepless nights that came with having a Navy SEAL fiancé, so she broke it off...then she discovered she was pregnant. But when she finds herself in a hostage situation at her jewelry store, she's shocked to see Zach arrive as part of a security response team. The smoldering hot SEAL makes it clear he had no idea about the pregnancy, and Carolyn eventually agrees to let him into their son's life. But after all they've been through, she's still hesitant to let Zach back into her own heart. Zach Vale won't let anything keep him from being the best dad he can be. He'll do whatever it takes to protect Carolyn and their son, and he soon discovers that the hostage situation wasn't an isolated incident. As they try to solve the mystery of who's behind the vicious attacks, Zach works to make himself

part of their lives. Can Carolyn and Zach listen to their hearts, and build a family together?

Besides, his perilous mission hinged on winning her confidence not her heart. Jade had one goal in sight, and it wasn't marriage. If coddling a temperamental actor would get her closer to becoming captain, she would suffer through. But Jade soon realized there was more to sexy, secretive Reese than met the eye. Essays on Trading Strategy -

Graham L Giller 2021-12-31

Following on from his Adventures in Financial Data Science, Graham Giller, one of Wall Streets original data scientists, collects together a set of pieces on optimal trading strategy design. These address the key issue not answered in the first volume of the series on Financial Data Science, how to go from an alpha to a trade. The division of topics is shaped by what Graham calls "Peter

Muller's Rule": the analysis of systems to predict prices and systems to trade from predictions should be separated. This makes trading strategy agnostic as to the origins of the information contained within the alpha and clarifies the analytical methodology developed.
