Give Me Liberty! An American History Eric Foner 2016-09-15

Give Me Liberty! is the #1 book in the U.S. history survey course because it works in the classroom. A single-author text by a leader in the field, Give Me Liberty! delivers an authoritative, accessible, concise, and integrated American history. Updated with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool.

The Federalist Papers - Alexander Hamilton 2009-04-28

This authoritative edition of the complete texts of the Federalist Papers, the Articles of Confederation, the U.S. Constitution, and the Amendments to the U.S. Constitution features supporting essays in which leading scholars provide historical context and analysis. An introduction by Ian Shapiro offers an overview of the publication of the Federalist Papers and their importance. In three additional essays, John Dunn explores the composition of the Federalist Papers and the conflicting agendas of its authors; Eileen Hunt Botting explains how early advocates of women's rights, most prominently Mercy Otis Warren, Judith Sargent Murray, and Charles Brockden Brown, responded to the Federalist-Antifederalist debates; and Donald Horowitz discusses the

Federalist Papers from the perspective of recent experiments with democracy and constitution-making around the world. These essays both illuminate the original texts and encourage active engagement with them.

The Challenge of Crime in a Free Society - United States. President's Commission on Law Enforcement and Administration of Justice 1967
This report of the President's Commission on Law Enforcement and Administration of Justice - established by President Lyndon Johnson on July 23, 1965 -- addresses the causes of crime and delinquency and recommends how to prevent crime and delinquency and improve law enforcement and the administration of criminal justice. In developing its findings and recommendations, the Commission held three national conferences, conducted five national surveys, held hundreds of meetings, and interviewed tens of thousands of individuals. Separate chapters of this report discuss crime in America, juvenile delinquency, the police, the

courts, corrections, organized crime, narcotics and drug abuse, drunkenness offenses, gun control, science and technology, and research as an instrument for reform. Significant data were generated by the Commission's National Survey of Criminal Victims, the first of its kind conducted on such a scope. The survey found that not only do Americans experience far more crime than they report to the police, but they talk about crime and the reports of crime engender such fear among citizens that the basic quality of life of many Americans has eroded. The core conclusion of the Commission, however, is that a significant reduction in crime can be achieved if the Commission's recommendations (some 200) are implemented. The recommendations call for a cooperative attack on crime by the Federal Government, the States, the counties, the cities, civic organizations, religious institutions, business groups, and individual citizens. They propose basic changes in the operations of police, schools, prosecutors, employment agencies, defenders, social workers, prisons, housing authorities, and probation and parole officers.

The Software Encyclopedia - 1986

American Government - Glen Krutz 2017-12-30
 American Government is designed to meet the scope and sequence requirements of the single-semester American Government course. This title includes innovative features designed to enhance student learning, including Insider Perspective features and a Get Connected module that shows students how they can get engaged in the political process. The book provides an important opportunity for students to learn the core concepts of American Government and understand how those concepts apply to their lives and the world around them. The images in this textbook are grayscale.

Survival of the City - Edward Glaeser 2021-09-07
 One of our great urbanists and one of our great public health experts join forces to reckon with how cities are changing in the face of existential threats the pandemic has only accelerated. Cities can make us sick. They always have—diseases spread more easily when more people are close to one another. And disease is hardly the only ill that accompanies urban density. Cities have been demonized as breeding grounds for vice

and crime from Sodom and Gomorrah on. But cities have flourished nonetheless because they are humanity's greatest invention, indispensable engines for creativity, innovation, wealth, and connection, the loom on which the fabric of civilization is woven. But cities now stand at a crossroads. During the global COVID crisis, cities grew silent as people worked from home—if they could work at all. The normal forms of socializing ground to a halt. How permanent are these changes? Advances in digital technology mean that many people can opt out of city life as never before. Will they? Are we on the brink of a post-urban world? City life will survive but individual cities face terrible risks, argue Edward Glaeser and David Cutler, and a wave of urban failure would be absolutely disastrous. In terms of intimacy and inspiration, nothing can replace what cities offer. Great cities have always demanded great management, and our current crisis has exposed fearful gaps in our capacity for good governance. It is possible to drive a city into the ground, pandemic or not. Glaeser and Cutler examine the evolution that is already happening, and describe the possible futures that lie before us: What will distinguish the cities that will flourish from the ones that won't? In America, they argue, deep inequities in health care and education are a particular blight on the future of our cities; solving them will be the difference between our collective good health and a downward spiral to a much darker place.

Bureaucracy and Democracy- Steven J. Balla 2017-07-26

Given the influence of public bureaucracies in policymaking and implementation, Steven J. Balla and William T. Gormley assess their performance using four key perspectives—bounded rationality, principal-agent theory, interest group mobilization, and network theory—to help students develop an analytic framework for evaluating bureaucratic accountability. The new Fourth Edition provides a thorough review of bureaucracy during the Obama and Trump administrations, as well as new attention to state and local level examples and the role of bureaucratic values.

The Oxford Handbook of Classics in Public Policy and Administration - Steven J. Balla 2015

This Handbook brings together a collection of leading international authors to reflect on the influence of central contributions, or classics, that have shaped the development of the field of public policy and administration. The Handbook reflects on a wide range of key contributions to the field, selected on the basis of their international and wider disciplinary impact.

Focusing on classics that contributed significantly to the field over the second half of the 20th century, it offers insights into works that have explored aspects of the policy process, of particular features of bureaucracy, and of administrative and policy reforms. Each classic is discussed by a leading international scholar. They offer unique insights into the ways in which individual classics have been received in scholarly debates and disciplines, how classics have shaped evolving research agendas, and how the individual classics continue to shape contemporary scholarly debates. In doing so, this volume offers a novel approach towards considering the various central contributions to the field. The Handbook offers students of public policy and administration state-of-the-art insights into the enduring impact of key contributions to the field.

Children's Books in Print, 2007 - 2006

Books in Print 1994

American Government, Essentials Edition: Institutions and Policies - James Q. Wilson 2018-10-11

The Essentials Edition of AMERICAN GOVERNMENT: INSTITUTIONS AND POLICIES is a clear and approachable text for students trying to successfully understand American government. It sets the standard for examining current issues in American politics, focusing on the importance of American governmental institutions, the historical development of governmental procedures and policies as well as on who governs in the United States and to what ends. The sixteenth edition includes concise learning objectives, highlighted key concepts

and opportunities for practical application of contemporary debates on policy dynamics. These features allow students to identify important issues in American politics, maximize comprehension and engage with the material in a meaningful way. Bureaucracy - James Q. Wilson 2019-08-13

The classic book on the way American government agencies work and how they can be made to work better -- the "masterwork" of political scientist James Q. Wilson (The Economist) In Bureaucracy, the distinguished scholar James Q. Wilson examines a wide range of bureaucracies, including the US Army, the FBI, the CIA, the FCC, and the Social Security Administration, providing the first comprehensive, in-depth analysis of what government agencies do, why they operate the way they do, and how they might become more responsible and effective. It is the essential guide to understanding how American government works.

Diversity in America - Peter H. Schuck 2003
A revisionist history of race in America focuses on the nation's pioneering role as the world's first truly multi-ethnic state, citing numerous examples of the ideal of diversity in American society.

Being Governor- Thad L. Beyle 1983

This book examines the changing role of the governor in our federal system, giving particular attention to recent developments. The expansion of gubernatorial responsibilities into managerial, executive, and intergovernmental positions has taken place at the same time that the governor's role as leader of his political party has declined. In discussing the contemporary role of governors, the editors provide a view of how the office functions on a day-to-day basis. The editors base their data on personal experience; interviews with governors, former governors, and staff; on -site visits; and responses to a series of nineteen surveys of governors and their staff conducted between 1976 and 1981. The

research was undertaken by the Center for Policy Research of the National Governors' Association.

The Quality of Democracy in Eastern Europe
Andrew Roberts 2010

This book presents a positive assessment of democratic quality as it has developed in ten postcommunist countries.

The Eighties - Gilbert Sewall 1997-11-02

The America of the 1980s is often caricatured as a time of yuppie greed and self-absorption. But what was driving that decades rampant pursuit of individual pleasure? What were the cultural forces behind Madonna's "Material Girl" and Oliver Stone's Wall Street? These fascinating essays, collected by historian Gilbert T. Sewall from the major books, journals, news reports, and public addresses of the day, survey the tumultuous social change that engulfed the nation--and explain why we are still feeling the aftershocks today. With contributions by such diverse figures as Christopher Lasch, Lewis H. Lapham, Eric Bogosian, and Hilton Kramer, *The Eighties* touches on the hallmarks of the age: celebrity culture and hype, exhibitionism and shamelessness, academic ferment, and the lure of money. Kennedy Fraser on the new trend machine. James Q. Wilson on attitudes toward crime, Shelby Steele on African American angst, Tom Wolfe on art objects as religious totems--this lively reader brings together, for the first time, the voices that defined an era. As Sewall so deftly tells it, the story of the 1980s is not merely one of politics or financial chicanery--although both get their due in the book. The

1980s were an era of disquieting attitudes, fantasies, and dreams. As Americans experienced new forms of social anxiety and spiritual crisis, the debate over what constitutes excellence in the arts and in education touched off the so-called culture wars. All of this is evident in the rise of identity politics as well as in films like *The Big Chill* and feel-good democratic displays of international activism like *Live Aid*, in the overnight sensation of cocaine-fueled, star-studded nightclubs like New York City's *Limelight*, in the flamboyant mood of hit television shows like *Dynasty* and *Dallas*, and in the success of *The Closing of the American Mind*, Allan Bloom's staunch defense of Western tradition. Invigorated conservatism in politics and society was, paradoxically, accompanied by the ascent of a new establishment of "tenured radicals," for whom alternative values and cultural innovation supported lucrative careers. Finally empowered to make the social and political changes they had only dreamed about in earlier decades, these boomers stimulated an acrimonious debate over the nature of the good life and the soul of the nation. With remarkable verve, *The Eighties* sheds new light on the decade that brought us Ronald Reagan and MTV, a decade that continues to frame some of today's most vexing political, economic, and cultural debates

American Government - James Q. Wilson
2002-03

Searching and Seizing Computers and Obtaining Electronic Evidence in Criminal Investigations - Orin S. Kerr 2001

American Government: Institutions and Policies, Brief Version James Q. Wilson 2016-12-19

This popular brief text for the one-semester or one-quarter American Government course maintains the framework of the Wilson, DiIulio, Bose, and Levendusky comprehensive text, emphasizing the historical development of the American political system, who governs, and to what ends. The 13th edition of AMERICAN GOVERNMENT: INSTITUTIONS AND POLICIES, BRIEF VERSION, offers coverage of the 2014 and 2016 campaigns and elections; budget battles and the sequestration of funds; ongoing debates about immigration, gay

marriage, and other key issues in American politics; and foreign-policy decisions on Afghanistan, the Middle East, and North Korea. We have also reworked each chapter to focus on a clear set of learning objectives to guide students through the material. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Basics of American Government - Carl D. Cavalli 2013-08-06

The Basics of American Government is a collaborative effort among eight current and one former faculty members in the Departments of Political Science and Criminal Justice at University of North Georgia. The purpose of this book is to offer a no-frills, low-cost, yet comprehensive overview of the American political system for students taking introductory courses in American national government. Furthermore, the work combines the best aspects of both a traditional textbook and a reader in that most chapters offer a piece of original scholarship as a case study to bolster or reinforce the material presented in the chapter. In addition, many chapters present a civic engagement-type exercise and discussion questions intended to challenge, engage, and foster student participation in the political system. The authors undertook this project for several reasons, most notably the high costs of textbooks for students and the lack of college-level scholarship found in most American Government texts. This 375-page, peer-reviewed, edited book that combines traditional material with original scholarship will cost students \$27.99, well below market standards. All of the authors are experienced classroom instructors, subject matter experts, and published researchers in the field of American politics.

Political Economy and Constitutional Reform - United States. Congress. Joint Economic Committee 1983

American Government: Institutions and Policies, Enhanced - James Q. Wilson 2020-01-01
Wilson/Dilulio/Bose/Levendusky's AMERICAN GOVERNMENT: INSTITUTIONS AND POLICIES, ENHANCED, 16th Edition, combines excellent scholarship with practical examples

and insight to give you a clear understanding of the U.S. government. The authors highlight current issues in American politics, focusing on the importance of governmental institutions, the historical development of procedures and policies as well as on who governs in the U.S. and to what ends. Up-to-date coverage includes changes during the Trump administration and results of the 2018 midterm elections. Links to contemporary debates on policy dynamics give you the opportunity to identify important issues in American politics, apply what you learn and maximize your comprehension. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Lawless Capitalism - Steven A. Ramirez 2014-06

In this innovative and exhaustive study, Steven A. Ramirez posits that the subprime mortgage crisis, as well as the global macroeconomic catastrophe it spawned, is traceable to a gross failure of law. The rule of law must appropriately channel and constrain the exercise of economic and political power. Used effectively, it ensures that economic opportunity isn't limited to a small group of elites that enjoy growth at the expense of many, particularly those in vulnerable economic situations. In *Lawless Capitalism*, Ramirez calls for the rule of law to displace crony capitalism. Only through the rule of law, he argues, can capitalism be reconstructed.

American Government - Theodore J. Lowi 2009
Based on the full edition of *American Government: Power and Purpose*, this brief text combines concise and up-to-date coverage of the central topics in American government with compelling critical analysis. Offering an array of learning tools, the 2008 Election Update Edition uses a refined pedagogical apparatus to help students approach politics and government analytically. KEY FEATURES o More flexibility to assign supplementary readings. The Brief Tenth edition is the perfect choice for instructors who want the flexibility to assign readings that go beyond the textbook. Access to the Norton American Politics Online Reader is free with each new copy, offering an affordable way to provide students with a range of readings to complement the textbook. Special package

prices are also available with Norton's other readers in American government, The Enduring Debate and Faultlines. o More, and more thoughtful, pedagogy than other brief texts. Several helpful features appear in each chapter to help students learn and review. New 'Analyzing the Evidence' units use bold graphics to show students 'how we know what we know' about certain political phenomena. 'Core of the Analysis' boxes on the first page of every chapter preview the chapter's analysis. 'In Brief' boxes are unique to the brief edition and at least one appears in each chapter. The boxes summarize fundamental material in the chapter and have proven invaluable in preparing for exams, according to reviewers. 'Key Terms' are boldface in the text and defined in the margin. Numerous figures and tables appear in every chapter. New single-column design is easier to read. Online reader icons next to citations indicate works that are represented in the Norton American Politics Online Reader. STUDENT RESOURCES The Norton American Politics Online Reader American Government draws on contemporary research and key scholarship to present the field as political scientists understand it today. The Norton American Politics Online Reader includes over 100 important recent articles and foundational works cited in American Government. Perfect for supplementary reading

assignments and special projects, an icon next to the citation in the text indicates that a reading is available in the online reader. Student StudySpace The StudySpace student Web site reinforces the analytical framework of American Government in a proven, task-oriented study plan. Each chapter is arranged according to the effective Organize, Learn, and Connect pedagogy: o Organize-This section contains: o Progress Reports to help students organize their study time. o Chapter Summaries and Outlines that help students prepare for readings and tests. o Links to the ebook, which integrates online review materials with the book. o Learn-This section contains: o Diagnostic Quizzes that help students study for midterms and finals. o Vocabulary Flashcards that reinforce knowledge of key terms presented in the text. o Connect-This section contains: o Politics in the News RSS Feed-A bi-weekly RSS feed of New York Times articles, annotated by Paul Gronke (Reed College) helps students keep up-to-date with the latest political news. o Analyzing the Evidence Exercises-These interactive exercises are based on the new 'Analyzing the Evidence' units in the text, which explain the significance of the data and the basic methodology that political scientists use to analyze the data INSTRUCTOR RESOURCES PowerPoint Lecture Slides, Test Bank and an Instructor's Manual.

Fort hcomi ng Books- Rose Army 1997
