*The Giving Way to Happiness* - Jenny Santi 2015

We often focus on how our gifts can help those in need. But the act of giving actually improves our own lives as well. In *The Giving Way to Happiness*, Jenny Santi overturns conventional thinking about what it takes to be happy by revealing how giving to others - whether in the form of money, expertise, time, or love - has helped people from all walks of life find purpose and joy. Drawing on the wisdom of great thinkers past and present, as well as cutting-edge scientific research, Santi makes an eloquent and passionate case that oftentimes the answers to the problems that haunt us, and the key to the happiness that eludes us, lie in helping those around us. This book is filled with inspiring stories told firsthand by Academy Award winner Goldie Hawn, Noble Peace Prize winner Muhammad Yunus, supermodel Christy Turlington Burns, Teach for America founder Wendy Kopp, philanthropist Richard Rockefeller, environmentalist Philippe Cousteau, activist Ric O'Barry, bestselling author Isabel Allende, ALS survivor Augie Nieto, and many others from all over the world. Despite their diverse backgrounds, they have all found unexpected happiness and fulfillment through giving. This book tells us not just how they changed the world but also how their acts changed their very own lives. In addition, Santi reveals- How altruism involves far more than suppressing basic selfish urges. Rather, we are wired to give, as it activates the same pleasure centers of the brain stimulated by food, sex, and drugs How helping others - whether by walking a friend through a struggle that you've also experienced or by supporting a cause to honor a loved one's memory - can be a healthy way to deal with adversity and process grief The unexpected reasons why those who 'gave it all up' to make a difference, and who face the direst situations, are nevertheless some of the happiest, most fulfilled, and least angst-ridden people you'll ever meet. Practical, universally applicable lessons on what kind of giving makes people happy and what doesn't. How do you discover giving that is unique to you and makes you feel good? In this inspiring book, Santi turns conventional wisdom upside down about what it takes to be happy and reveals the surprising reasons that have led so many people to live lives full of meaning, purpose and happiness. 'The Giving Way to Happiness is full of interesting insights from big-ticket philanthropists and prominent personalities, but it is also about something bigger- how we can all find happiness through helping others. If done right, giving may well be the greatest gift you can give yourself.' Adam Grant, professor, The Wharton School, University of Pennsylvania, and New York Times-bestselling author of *Give and Take* 'This thoughtful look at philanthropy honestly examines the self-interest often involved in it and suggests that a self-focused approach to giving may in fact be entirely appropriate.' Publishers Weekly 'Well done! A wonderful and timely contribution.' Christy Turlington Burns, founder of Every Mother Counts 'The Giving Way to Happiness will change the way you approach giving, shifting the focus from charity to empathy, from a one-way transfer to a mutually beneficial act, from guilt and obligation to pleasure and happiness. Jenny Santi, through her well-researched, eloquent, and insightful book, teaches us how we can help ourselves by helping others.' Carl Liederman, former CEO of One Young World, and founder & CEO of Liedership

**Asian Children's Literature and Film in a Global Age** - Bernard Wilson 2020-03-06

This volume provides a key analysis of Asian children's literature and film and creates a dialogue between East and West and between the cultures from which they emerge, within the complex symbiosis of their local, national and transnational frameworks. In terms of location and content the book embraces a broad scope, including contributions related to the Asian-American diaspora, China, India, Indonesia, Iran, Japan, Malaysia, the Philippines, South Korea, Sri Lanka, and Taiwan. Individually and collectively, these essays broach crucial questions: What elements of Asian literature and film make them distinctive, both within their own specific culture and within the broader Asian area? What aspects link them to these genres in other parts of the world? How have they represented and shaped the societies and cultures they inhabit? What moral codes do they address, underpin, or contest? The volume provides further voice to the increasingly diverse and fascinating output of the region and emphasises the importance of Asian art forms as depictions of specific cultures but also of their connection to broader themes in children's texts, and scholarship within this field.

**Ignore Everybody** - Hugh MacLeod 2009-06-11

When Hugh MacLeod was a struggling young copywriter, living in a YMCA, he started to doodle on the backs of business cards while sitting at a bar. Those cartoons eventually led to a popular blog - [gapingvoid.com](http://gapingvoid.com) - and a reputation for pithy insight and humor, in both words and pictures. MacLeod has opinions on everything from marketing to the meaning of life, but one of his main subjects is creativity. How do new ideas emerge in a cynical, risk-averse world? Where does inspiration come from? What does it take to make a living as a creative person? Now his first book, *Ignore Everyone*, expands on his sharpest insights, wittiest cartoons, and most useful advice. A sample: \*Selling out is harder than it looks. Diluting your product to make it more commercial will just make people like it less. \*If your plan depends on you suddenly being "discovered" by some big shot, your plan will probably fail. Nobody suddenly discovers anything. Things are made slowly and in pain. \*Don't try to stand out from the crowd; avoid crowds altogether. There's no point trying to do the same thing as 250,000 other young hopefuls, waiting for a miracle. All existing business models are wrong. Find a new one. \*The idea doesn't have to be big. It just has to be yours. The sovereignty you have over your work will inspire far more people than the actual content ever will. After learning MacLeod's 40 keys to creativity, you will be ready to unlock your own brilliance and unleash it on the world.

The Woman Who Had Two Navels and Tales of the Tropical Gothic - Nick Joaquin 2017-04-18

Celebrating the centennial of his birth, the first-ever U.S. publication of Philippine writer Nick Joaquin's seminal works, with a foreword by PEN/Open Book Award-winner Gina Apostol A New York Times Book Review Editor's Choice Nick Joaquin is widely considered one of the greatest Filipino writers, but he has remained little-known outside his home country despite writing in English. Set amid the ruins of Manila devastated by World War II, his stories are steeped in the post-colonial anguish and hopes of his era and resonate with the ironic perspectives on colonial history of Gabriel García Márquez and Mario Vargas Llosa. His work meditates on the questions and challenges of the Filipino individual's new freedom after a long history of colonialism, exploring folklore, centuries-old Catholic rites, the Spanish colonial past, magical realism, and baroque splendor and excess. This collection features his best-known story, "The Woman Who Had Two Navels," centered on Philippine emigrants living in Hong Kong and later expanded into a novel, the much-anthologized stories "May Day Eve" and "The Summer Solstice" and a canonic play, *A Portrait of the Artist as Filipino*. As Penguin Classics previously launched his countryman Jose Rizal to a wide audience, now Joaquin will find new readers with the first American collection of his work. Introduction and Suggestions for Further Reading by Vicente L. Rafael For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.
