**Mary** - Dwight Longenecker 2003

Longenecker and Gustafson offer a lively discussion about the Virgin Mary and related devotional practices from both Catholic and evangelical Protestant perspectives.

**Theologies of the 21st Century** - David L. Smith 2014-10-02

What theologies are popular and formative of Christian thinking in the present day? How should they be assessed by those Christians who want to be "in the world" without being "of the world"? Theologies of the 21st Century begins with an overview of the historical roots from which current theological thinking has developed, and then moves on to a detailed evaluation of the chief doctrinal and practical emphases, taking an evangelical biblical perspective that seeks to be at once both critical and irenic.

**Interpretation Des Heiligen** - Giuseppe Zaccaria 1999

The hermeneutic path involved in the interpretation of law as well as in the interpretation of sacred texts, though peculiar, seems - as Emilio Betti pointed out - to share several things, most importantly the

"normative" nature of interpretation. The 1999 issue of the Yearbook "Ars Interpretandi" accounts for the several and disparate relationships between these two important "regional hermeneutics".

*Farmer's Almanac*- Chris Fink 2013-03-12

In Chris Fink's debut work of fiction, America's rural core is cracked open to reveal moments of stark beauty and cruelty. Farmer's Almanac—a new Midwestern Gothic—is an imaginary handbook for rural living, as timeless and essential as its namesake. But this is no American pastoral. Fink's vision is more Orwell than Rockwell. Not since Winesburg, Ohio has a book so thoroughly plumbed the Midwestern character. A despairing farmer milks a dead cow, a baseball phenom chooses between the diamond and the dairy barn, and in the back of the school bus, a young girl fights back against her tormentors. Farmer's Almanac reports the news from mythical Odette County, Wisconsin,

where the milk prices keep falling, and the forecast is not good.

**In Praise of Nothing** - Eric LeMay 2014-04-22

Why do we keep playing the lottery when we know we'll lose? How does what we laugh at—those bad jokes, wry allusions, and nasty pratfalls—tell us who we are? And what happens when, through some unforeseen mishap, we lose our identities and become Jane or John Doe? Eric LeMay explores these and other questions in fifteen innovative essays that center on the American self. From reflections on small-town life and baby-making to meditations on found art, 19th century landscape gardens, webcams, and the emergence of the AIDS pandemic, these essays celebrate the layered selves we inhabit, inherent, and sometimes

invent. With humor and with reverence, *In Praise of Nothing* beholds what Wallace Stevens has called the “nothing that is not there and the nothing that is.”

Kill Marguerite and Other Stories - Megan Milks 2014-03-11

*Kill Marguerite and Other Stories* collects thirteen risk-taking stories obsessed with crossing boundaries, whether formal or corporeal. Narrative genres are giddily mongrelized: the Sweet Valley twins get stuck in a choose-your-own-adventure story; Mean Girls-like violence gets embedded within a classic video game. Protagonists cycle through a series of startling, sometimes violent, changes in gender, physiology, and even species, occasionally blurring into other characters or swapping identities entirely. One woman metamorphoses into a giant slug; another quite literally eats her heart out; a wasp falls in love with an orchid; and a Greek god impregnates a man's thigh with a sword. More than just a straightforward celebration of the carnivalesque, though, these fictions are deeply engaged, both critically and politically, with the ways that social power operates on, and through, queer bodies.

Nonprofit Governance - Bruce R. Hopkins 2009-04-22

*Nonprofit Governance Law, Practices & Trends* Governance seems to be the subject that is perched atop every nonprofit lawyer's worry/wish list, despite the fact that there is not much law on the point, particularly at the federal level. This ascension in importance is largely due to the various organizations propounding best practices and principles for public charities and other forms of nonprofit organizations, the IRS's redesigned Form 990, the agency's aggressive push of certain good governance principles in the tax-exempt organizations' setting, and scandals brought to light by the Senate Finance Committee staff. Stemming from the authors' endless hours of meditating over the new Form 990 and sifting through the many (and often inconsistent) best

practices principles, Nonprofit Governance fills the need for some cohesion in the realm of nonprofit governance by providing in-depth coverage and explanations of the laws, practices, and trends in this volatile area. An invaluable resource for nonprofit executives, officers, directors, nonprofit lawyers, accountants, members of boards of directors, and consultants, legal experts Bruce R. Hopkins and Virginia Gross's Nonprofit Governance brims with detailed documentation and references to regulations, rulings, cases, and tax literature (which includes current articles and tax law review notes). Here, readers will find a wealth of clarifying information on: Federal and state law fundamentals Board member responsibilities and liability Nonprofit governance principles Nonprofit governance issues Application of the private benefit doctrine Governance and the redesigned Form 990 Recommended polices and procedures Governance case studies Governance legal audit A law primer for nonprofit board members And much more The book includes an exhaustive index, Internal Revenue Code citations and numerous case studies, tips, forms, and checklists to round out the authoritative coverage. Nonprofit Governance is an indispensable guide to, and through, all of the governance policymaking that is unfolding, to improve the management of nonprofit organizations as well as to help organizations be in compliance with nonprofit governance law.

**Devangelical** - Erika Rae 2012-12-11

Devangelical is an irresistibly funny and irreverent memoir about Erika Rae's experience growing up in — and out of — the Evangelical church in the American Bible Belt. As an adolescent who is expected to be hot for God, and not boys, Erika dreads that the Rapture will come before she gets to have sex. All the while she survives exorcisms, radical taboos, satanic back-masking on records, muscle men for Jesus, and cool, mulleted youth group leaders. Eventually Erika emerges as a young,

married adult in spiritual limbo. Devangelical is a political and personal exploration of how the Evangelical church affects us all. For Erika Rae, it means a smart and honest shedding of baggage. A lot of heavy, scuffed-up, duct-taped baggage . . . with clowns inside.

**Evangelisch in Europa / Protestant in Europe** - Michael Bünker 2013-11-26

Die Gemeinschaft Evangelischer Kirchen in Europa (GEKE) hat sich in den vergangenen Jahren zunehmend zu einer großen Bandbreite von sozialetischen Fragestellungen zu Wort gemeldet. Ihre Stellungnahmen reichen von den Menschenrechten über Friedensfragen bis hin zu aktuellen europapolitischen Herausforderungen. Präsidium und Rat der GEKE lassen sich dazu von einem Fachkreis Ethik beraten, der vom Rat der GEKE berufen wird. Darüber hinaus hat die GEKE auf ihrer letzten Vollversammlung in Florenz 2012 die Studie 'Tretet ein für Gerechtigkeit' entgegengenommen, mit der sie sowohl die spezifisch protestantische ethische Urteilsbildung als auch deren Relevanz für die Kirchen und ihre Äußerungen zu gesellschaftspolitischen Herausforderungen in den letzten Jahren herausarbeitet. Band 15 der 'Leuenberger Texte' enthält die Ergebnisse dieser Arbeit.

**Exploring the Role of Social Media in Health Promotion** - Michael Stellefson 2020-06-18

The use of social media in public health education/promotion has been increasing due, in part, to its ability to remove physical access and geographical barriers for users. Specifically, social media provides an outlet to increase and promote translational health communication strategies and the effective dissemination of health information and data in ways that allow users to not only utilize, but also to create and share pertinent health information. Although social media applications in public health and health promotion have yielded success in terms of generating support structures and networks for effective health behavior

change, there are challenges and complications associated with use of social media that also need to be addressed (e.g., managing misinformation, ensuring compliance with privacy protection regulations). This Special Issue aims to explore social media as a translational health promotion tool by bridging principles of health education and health communication. Broadly, this Special Issue is seeking original submissions that examine: (1) the method with which social media users access, negotiate, and create health information that is both actionable and impactful for diverse audiences; (2) strategies for overcoming challenges to using social media in health promotion; and (3) best practices for designing, implementing, and/or evaluating social media campaigns and forums in public health. Special interest will be given to innovative submissions that expand and build upon traditional health education approaches with health communication theories and models. Other manuscript types of interest include relevant position papers, brief reports, and commentaries.

**Minervas Gothics** - Elizabeth Neiman 2019-02-15

Between 1790 and 1820, William Lane's Minerva Press published an unprecedented number of circulating-library novels by obscure female authors. Because these novels catered to the day's fashion for sentimental themes and Gothic romance, they were and continue to be generally dismissed as ephemera. Recently, however, scholars interested in historicizing Romantic conceptions of genius and authorship have begun to write Minerva back into literary history. By making Minerva novels themselves the centre of the analysis, Minerva's Gothics illustrates how Romantic 'anxiety' is better conceptualized as a mutual though not entirely equitable 'exchange', a dynamic interrelationship between Minerva novels and Romantic-era politics and poetics that started in 1780, when Lane began publishing novels with some regularity. Reading Minerva novels for their shared popular conventions

demonstrates that circulating-library novelists collectively recirculate, engage and modify commonplaces about women's nature, the social order and, most importantly, the very Romantic redefinitions of authorship and literature that render their novels not worth reading. By recognizing Minerva's collaborative rather than merely derivative authorial model, a forgotten pathway is restored between first-generation Romantic reactions to popular print culture and Percy Shelley's influential conceptualization of the poet in *A Defence of Poetry*.

**Just the War, Just the Peace** - Aaron Dietz 2013-11-18

Just the War and Just the Peace are both an homage to Tolstoy as well as works of social commentary on literature and war. Created by separating Tolstoy's original work into two volumes (the war parts and the peace parts), these two stand-alone novels present the text from Tolstoy's classic in an entirely new light. Experimental author Aaron Dietz uses his iron touch as an editor to create this exciting and innovative way to experience Tolstoy's most famous work. Just the War is Leo Tolstoy's War and Peace without the peace. Napoleon invades, Moscow is torched, and on the rare occasion that someone has a party, all anyone does at the party is talk about the war. Just the Peace is Leo Tolstoy's War and Peace without the war. Characters fall in love, marry, and die. They have parties where they talk about who is in love, who is marrying, and who is dying. Napoleon never even enters the picture.

*Road Film* Ernest Loesser 2013-11-05

Framed as a cinematic odyssey, *Road Film* owes its debt to the famous road movies from the 1960's - 70's. From start to finish, every reader rides shotgun on a trajectory into an American imagination full of grace and angst. Loesser's mix of prose and verse displays the best of the tradition of the *New Sentence*—and his work as a journalist in New York, post 9/11. The result reassembles all the broken episodes collected along the lost highways of America: discarded and violent news reports, local and violent rumors, and the unverifiable stories passed from one traveler to the next. Much like his previous work, *Touched by Lightning*, Loesser uses a reportorial instinct to transfigure the recurrent patterns he finds in the isolated corners of our homeland. Throughout *Road Film*, the driver races between two coasts; he jumps from the city into the wilderness—always skirting the moribund American suburbs, and though there be familiar faces, the author's route never leads toward that simple place called home.

*Gnarly Wounds* - Jayson Iwen 2013-09-24

*Gnarly Wounds* tells the tale of one man's horrifyingly funny journey through grief, madness, and amnesia. In three linked novellas, Jayson Iwen takes readers into a smart and raunchy dreamscape full of riddles, jokes, and metaphysics, with a cast that includes the ridiculous son of an eastern European dictator, monks, witches, soldiers, furry animals, an ex-hitman, a super strong baby, and more. Told in several different cultural registers — elegant and blunt, tragic and comic, contemplative and action-packed — this is a one-of-a-kind mystery, hilarious and profound.

*There* - Heather Rounds 2013-10-29

There follows a young American journalist working in the capital city of the northern Kurdish region of Iraq, a land verging on economic boom, but never far from a violent past. A cross-genre work that most closely resembles a novel, the story is at once driven and diverted by the young reporter's struggles to negotiate her own uncertainties in a strange land — observing, participating, and retreating daily from the people and events surrounding her. Assigned reports that the newspaper bosses deem fit for an inexperienced female foreigner, she ultimately turns to writing her own story, relayed with careful attention to the intricacies of language — rhythm, acoustics, and repetition. What she discovers is that her own in-betweenness is only amplified in this foreign place, that the tension between ancient customs and contemporary conflicts somehow provides a familiar backdrop for her own attempts to relate to the people back home who, confused by her choice to travel to a dangerous place, ask, "why go there?"

**Religion, Work, and Inequality** - Lisa Keister 2002-04-17

Work behaviours and inequality in work-based rewards are essential to financial security and general well-being. Although the benefits of receiving work-based rewards, such as income, benefits and retirement packages, are significant, they are not enjoyed uniformly. This title articulates an agenda for better understanding these social processes.

**The Gospel According to Rome** - James G. McCarthy 1995-01-01

When *Catechism of the Catholic Church* broke onto the N.Y. Times bestseller list, its astonishing success confirmed the overwhelming interest of Catholics and Protestants in understanding modern Catholicism. Has the recent openness among denominations affected

Catholic teachings? In the new spirit of cooperation, is there any reason why Catholics and Protestants should remain divided? This powerful and insightful examination of the Catholic Church provides: a side-by-side comparison of Scripture with the first new worldwide Catholic catechism in 400 years a summary of how modern Catholicism views grace, works, and heaven 24 ways the Catholic plan of salvation still stands in contrast to biblical truth a balanced overview of how the authority structure of the Roman Catholic Church compares with that of the New Testament church an explanation of how participation in the Mass and other sacraments is inconsistent with faith in Christ as Savior Clear, accurate, significant information to know and share—The Gospel According to Rome

**Theological Crossfire** - Clark H. Pinnock 1998-03-03

This book is a plea for a constructive liberal/conservative dialogue by demonstrating what such an exchange could be like. Assuming that liberal and conservative Christians are abysmally ignorant about each other, that each has a great deal to learn from the other, and that dialogue between the two will strengthen them individually, Clark Pinnock concludes that the renewed vitality of Christianity in today's world hinges in an important way on whether a genuine conservative/liberal dialogue comes into being.

*Christian Confessions* Ted Campbell 1996-01-01

Ted Campbell examines, in a comparative framework, the historic teachings of the four major Christian traditions that have shaped our theological heritage - Eastern Orthodoxy, Roman Catholicism, Reformation and Union churches, and Evangelical and Free churches. He provides an extensive overview of each tradition's particular beliefs on

religious authority, God and Christ, human nature and salvation, and church, ministry, and the sacraments. He concludes by considering whether a definable core of Christian teachings cuts across denominational and confessional boundaries.

*Various Men Who Knew Us as Girls* - Cris Mazza 2014-04-15

Would her life have been better if she'd had sex with her supervisor when she was 23? Hester Smith is a woman who always played life near the sidelines—until she decides to rescue a teenage Mexican prostitute. She's up against the border sex trade in Southern California that works like a drug cartel, where the smuggled contraband is teenage girls forced to work as prostitutes in undeveloped canyons just outside suburbia. Law enforcement agencies know it happens, as do investigative journalists, yet the illegal sex trade continues to exist. While she prepares for the rescue, Hester discovers that the man with whom she almost had an affair—her mentor when she was a 23-year-old student teacher—had been simultaneously having a sexual relationship with a 16-year-old student. Hester mines her own memories of the would-be affair and ultimately tracks down the former 16-year-old. When these two women with a shared scandal in their pasts confront one another, the meeting coincides with the last step necessary to rescue the teenage prostitute Hester has tried to protect. It is only this mayhem that allows Hester to finally take ownership of her decisions and regrets.
