In Europe, Bourne's investigation into the Black Legion turns into one of the deadliest and most tangled operations of his double life--the pursuit of the leader of a murderous terrorist group with roots in the darkest days of World War II--all while an

Robert Ludlum's (TM) The

Bourne Imperative - Eric Van Lustbader 2012-06-05

The man Jason Bourne fishes out of the freezing sea is near death, half-drowned and bleeding profusely from a gunshot wound. He awakens with no memory of who he is or why he was shot-and Bourne is eerily reminded of his own amnesia. Then Bourne discovers that the Mossad agent named Rebeka is so determined to find this injured man that she has gone off the grid, cut her ties to her agency, and is now being stalked by Mossad's most feared killer. Do the answers to these mysteries lie back in southeast Lebanon, in a secret encampment to which Bourne and Rebeka escaped following a firefight weeks ago? The complex trail links to the mission given to Treadstone directors Peter Marks and Soraya Moore: find the semi-mythic terrorist assassin known as Nicodemo. In the course of Bourne's desperate, deadly search for a secret that will alter the future of the entire world, he will experience both triumph and

loss, and his life will never be the same. Now everything turns on the amnesiac. Bourne must learn his identity and purpose before both he and Rebeka are killed. From Stockholm to Washington, D.C., from Mexico City to Beijing, the web of lies and betrayals extends into a worldwide conspiracy of monumental proportions.

[100 Birds and How They Got Their Names](#) - Diana Wells
2001-10-30

How did cranes come to symbolize matrimonial happiness? Why were magpies the only creatures that would not go inside Noah's Ark? Birds and bird imagery are integral parts of our language and culture. With her remarkable ability to dig up curious and captivating facts, Diana Wells hatches a treat for active birders and armchair enthusiasts alike. Meet the intrepid adventurers and naturalists who risked their lives to describe and name new birds. Learn the mythical stories of the gods and goddess associated with bird names. Explore the avian emblems used by our greatest writers--from Coleridge's albatross in "The Ancient Mariner" to Poe's raven. A sampling of the bird lore you'll find inside: Benjamin Franklin didn't want the bald eagle on our National Seal because of its "bad moral character," (it steals from other birds); he lobbied for the turkey instead. Chaffinches, whose Latin name means "unmarried," are called "bachelor birds" because they

congregate in flocks of one gender. Since mockingbirds mimic speech, some Native American tribes fed mockingbird hearts to their children, believing it helped them learn language. A group of starlings is called a murmuration because they chatter so when they roost in the thousands. Organized alphabetically, each of these bird tales is accompanied by a two-color line drawing. Dip into 100 Birds and you'll never look at a sparrow, an ostrich, or a wren in quite the same way.

Tambera - Utuy Tatang Sontani 2018-12

It is 1600 and Dutch merchants are welcomed to the Banda islands. But, in the space of three years, Bandanese society changes as its people succumb to the temptations of Western materialism--a process that leads inevitably to social dissension and, finally, to rebellion. Written during the dying days of the Netherlands East Indies, *Tambera* is Utuy Tatang Sontani's most seminal work. In looking back to the beginnings of colonialism in the Indies, Sontani anticipates many of the philosophical and moral challenges that still confronted the nascent republic of Indonesia, three hundred and fifty years later. *Earth Dance* - Oka Rusmini 2011

"Earth Dance," the story of four generations of Balinese women, centers on conflicts that arise between the demands of caste and personal desires. Narrated by Ida Ayu Telaga, a Balinese woman in her thirties, the novel shows Balinese women-as depicted by her mother, grandmother and female peers-to be motivated by two factors: the yearning to be beautiful, and the desire for a high-caste husband. Headstrong Telaga defies her mother's wishes and marries the man of her dreams, who is a commoner. Thus, in a reversal of societal expectations, as shown in the novel by images of women who aspire to "liberation" through "marrying up," Telaga's emancipation is implicitly characterized as a move downwards, through transformation to the status of a commoner. "Earth Dance" also reveals that-like high-caste status-beauty, too, has a price. Behind the thick, glossy hair and golden complexion, lies a web of jealousy, derision and intrigue. Telaga, whose life is

controlled by her mother's avarice, her mother-in-law's bitterness and the greed of her sister-in-law, has frequent cause to wonder: "Is this what it means to be a woman?"

A New U - Ryan Craig

2018-09-11

Every year, the cost of a four-year degree goes up, and the value goes down. But for many students, there's a better answer. So many things are getting faster and cheaper. Movies stream into your living room, without ticket or concession-stand costs. The world's libraries are at your fingertips instantly, and for free. So why is a college education the only thing that seems immune to change? Colleges and universities operate much as they did 40 years ago, with one major exception: tuition expenses have risen dramatically. What's more, earning a degree takes longer than ever before, with the average time to graduate

now over five years. As a result, graduates often struggle with enormous debt burdens. Even worse, they often find that degrees did not prepare them to obtain and succeed at good jobs in growing sectors of the economy. While many learners today would thrive with an efficient and affordable postsecondary education, the slow and pricey road to a bachelor's degree is starkly the opposite. In *A New U: Faster + Cheaper Alternatives to College*, Ryan Craig documents the early days of a revolution that will transform—or make obsolete—many colleges and universities. Alternative routes to great first jobs that do not involve a bachelor's degree are sprouting up all over the place. Bootcamps, income-share programs, apprenticeships, and staffing models are attractive alternatives to great jobs in numerous growing sectors of the economy: coding, healthcare, sales, digital marketing, finance and accounting, insurance, and data analytics. *A New U* is the first roadmap to these

groundbreaking programs, which will lead to more student choice, better matches with employers, higher return on investment of cost and time, and stronger economic growth.

Ethics In Social Science

Research In Indonesia -

Mayling Oey- Gardiner, Fandi Rahardi, dan Canyon Keanu Can 2021-04-08

"There are not many books on ethics that are currently available, especially in Indonesia. This book comes to fill that gap. A commendable book that researchers should read, especially when there is more and more research on human behavior. It is a stupendous work." □ M. Chatib Basri, Executive Director, IBER Minister of Finance of the Republic of Indonesia 2013-2014 "This book addresses an important set of issues in the context of Indonesia, a large developing country in Southeast Asia. Most work on research ethics

has originated in the developed world; the strength of this book is that it relates the large international literature to the specific problems which Indonesian researchers are likely to face, especially in the social sciences. It deserves a wide readership both in Indonesia and in other parts of the world." □ Anne Booth, Professor Emeritus, SOAS, University of London "In a world full of fake news, corrupt bureaucracies, and inequitable judgements it is vital that the training of rising generations of social scientists contains thorough grounding in ethics. This volume should be required reading in all teaching programs, and a valuable addition on the desk of all graduates wishing to pursue a career in the social research professions." □ Terence H. Hull, Emeritus Professor of Demography, The Australian National University "Reading this book is an eye-opening experience. Mayling Oey Gardiner presents novelty by discussing ethics in social science research on current

issues such as big data, internet-based research, and environmental research. This book can guide academics and decision-makers to define boundaries and consider the impact of social research." □ Rhenald Kasali Ph.D, Founder Rumah Perubahan Professor of Management, University of Indonesia

The Rape of Sukreni A. A. Pandji Tisna 1998

The Guerrilla Girls' Bedside Companion to the History of Western Art - Guerrilla Girls 1998

"[A] tart, funny, lurid little bomb of a book. It's all p.c., of course, but not at all predictable, and a lot of righteous information gets dispersed in record time." -- BUST Magazine We were Guerillas before we were Gorillas. From the beginning, the press wanted publicity photos. We needed a disguise. No one remembers, for sure, how we got our fur, but one story is that at an early meeting, an original Girl, a bad speller, wrote 'Gorilla' instead of 'Guerilla.' It was an enlightening mistake. It gave us our mask-ularity. Ever wonder about the abundance of

naked male statues in the Classical section of your favorite museum? Did you know medieval convents were hotbeds of female artistic expression? And how did those "bad boy" artists of the twentieth century make it even harder for a girl to get a break? Thanks to the Guerrilla Girls, those masked feminists whose mission it is to break the white male stronghold over the art world, art history--as we know it--is history. Taking you back through the ages, the Guerrilla Girls demonstrate how males (particularly white males) have dominated the art scene, and discouraged, belittled, or obscured women's involvement. Their skeptical and hilarious interpretations of "popular" theory are augmented by the newest research and the expertise of prominent feminist art historians. "Believe-it-or-not" quotations from some of the "experts" are sprinkled throughout, as are the Guerrilla Girls' signature masterpieces: reproductions of famous art works, slightly

"altered" for historic accuracy and vindication. This colorful reinterpretation of classic and modern art, as outrageous as it is visually arresting, is a much-needed corrective to traditional art history, and an unabashed celebration of female artists.

From New York Times

bestselling author Sabrina

Jeffries comes the fourth book

in her dazzling and sensual

School for Heiresses series --

the story of a charmingly

handsome rake who challenges everything a young teacher

thinks she knows about passion

and desire. "Don't let yourself

be fooled, Madeline: once a

rake, always a rake." -- Mrs.

Charlotte Harris, headmistress

When Madeline Prescott took a teaching position at Mrs.

Harris's School for Young

Ladies, it was to help restore

her father's reputation.

Instead, she's in danger of

ruining her own. The devilishly

handsome Anthony Dalton, Viscount Norcourt, has agreed to provide "rake lessons" to Mrs. Harris's pupils so they can learn how to avoid unscrupulous gentlemen, and Madeline is to oversee his classes. She has always believed that attraction is a scientific matter, easily classified and controlled -- until she's swept into the passionate desire that fiercely burns between her and Anthony. Nothing could be more illogical than risking everything for a dalliance with a rake -- even one who's trying to behave himself. Yet nothing could be more tempting....

Panji's Quest - Junaedi Setiyono 2021-09

Panji's Quest is a love story set

before the reign of King

Kameswara of Kadiri (r.

1135-1185). It is a part of the

only original Indonesian stories

that have been widely

disseminated for centuries and

were later combined into the

Panji Tales. On October 30,

2017, UNESCO included The

Tale of Panji in their "Memory

of The World" documentary

series. In Panji's Quest Panji, crown prince of the kingdom of Janggala and Sekartaji, crown princess of the kingdom of Kadiri, have been engaged since they were youngsters. However, the wedding does not proceed as planned by their parents. One month before the wedding ceremony Panji falls in love with Angreni, the daughter of the prime minister of Janggala. Panji and Angreni marry. Panji decides he wants only one wife and refuses to marry Sekartaji. Panji's father becomes enraged when he hears that Panji has canceled his marriage with Sekartaji. As the king of Janggala, Panji's father had planned to reunite the kingdoms of Janggala and Kadiri through this marriage. Faced with the dilemma that Panji's refusal to marry Sekartaji might ignite a war between the two kingdoms, the Janggala king orders the murder of Angreni and sends Panji to visit his aunt. When Panji returns from his visit and finds that his wife has been kidnapped, he immediately starts to search for his wife.

When Panji finds his wife's dead body on a remote beach buried under angsana flowers, his pain is so deep that he goes crazy. He puts his wife's body on a ship and, with his shipmates, heads out to sea. A storm hits their ship, stranding Panji and his shipmates on a beach at the far eastern end of the island of Java. With great difficulty, Panji's shipmates finally persuade him to bury his wife. To help Panji overcome his grief, they suggest to Panji to become a warrior. They advise him to disguise himself. Panji changes his name to Kelana Jayengsari and becomes a well-known warlord. Word of his fame reaches the ears of Sekartaji's father, the king of Kadiri who is under the threat of an imminent invasion by King Metaun's army. King Metaun was scorned because Sekartaji had rejected his proposal of marriage. When the invasion of Kadiri occurs, Kelana Jayengsari, with his comrades, not only repel the invaders but also kill King Metaun. As his reward, Kelana Jayengsari is given Sekartaji to

marry. The news of Kelana Jayengsari and Sekartaji's betrothal infuriates the king and lords of Janggala. In their minds, Sekartaji was still engaged to their missing crown prince. Janggala decides to attack Kadiri. But when Janggala's army arrives at Kadiri's borders, Kelana Jayengsari meets the generals of Janggala. It becomes immediately clear that Kelana Jayengsari is Panji. The story ends with the wedding of Panji and Sekartaji. In 1185 CE Panji is crowned king of Kadiri. He rules over the united kingdoms of Kadiri and Janggala and becomes known as King Kameswara.

When Bourne's search for his would-be assassin intersects with Soraya's search for the group behind the airplane bombing, Bourne is thrust into a race to prevent a new world war. But it may already be too late.

Government at a Glance

2017 - Collectif 2017-07-13

Government at a Glance 2017 provides the latest available data on public administrations in OECD countries. Where possible, it also reports data for Brazil, China, Colombia, Costa Rica, India, Indonesia, Lithuania, the Russian Federation, and South Africa. This edition contains new indicators on public sector employment, institutions,

budgeting practices and procedures, regulatory governance, risk management and communication, open government data and public sector innovation. This edition also includes for the first time a number of scorecards comparing the level of access, responsiveness and quality of services in three key areas: health care, education and justice. Each indicator in the publication is presented in a user-friendly format, consisting of graphs and/or charts illustrating variations across countries and over time, brief descriptive analyses highlighting the major findings conveyed by the data, and a methodological section on the definition of the indicator and any limitations in data comparability. A database containing qualitative and quantitative indicators on government is available online. It is updated twice a year as new data are released.
