Are Roman Catholics REALLY Christians? This

eye-opening book examines 37 main Catholic doctrines, quoting official Catholic doctrine, then compares each doctrine with the Word of God. Written in a loving style, yet without compromising, this book clearly shows the eternal destiny of those who follow the pope of Rome. If you want to talk intelligently with Catholics about their salvation, you first must know what they believe. If you are like most Christians you will be shocked when you learn what Catholicism really teaches. Must reading for every Christian who knows or talks with any Roman Catholics.

Dictionaries. An International Encyclopedia of Lexicography - Rufus Gouws 2013-12-18

The basis for this additional volume are the three volumes of the handbooks Dictionaries. An International Encyclopedia of Lexicography (HSK 5.1-5.3), published between 1989 and 1991. An updating has been perceived as an

important desideratum for a considerable time. In the present Supplementary Volume the premises and subjects of HSK 5.1-5.3 are complemented by new articles that take account of the practice-internal and theoretical developments of the last 15 years. Special attention has been given to the following topics: the status and function of lexicographic reference works, the history of lexicography, the theory of lexicography, lexicographic processes, lexicographic training and lexicographic institutions, new metalexicographic methods, electronic and, especially, computer-assisted lexicography.
