Bringing Tony Home - Tissa Abeysekara 2008-11-25

Set in the 1940s and 1960s, Bringing Tony Home is a masterful modern example of a timeless genre, the bildungsroman. In the title novella, a boy returns to his old home to find Tony, his beloved dog who was

abandoned when economic circumstances forced the family to leave. "Bringing Tony Home" recounts this perilous journey in detail, movingly tracing the boy's rescue attempts and his spiraling emotions as he endures changes occurring in his family. In "Elsewhere: Something Like a Love Story," a young boy finds forbidden love with a schoolmate scorned for her poverty. "Elsewhere" continues their saga, touching on the bittersweet memories they share as adults, and on the woman's increasingly precarious place in a society concerned only with status. The other stories, "Poor Young Man: A Requiem" and "Hark, The Moaning Pond: A Grandmother's Tale," delve into a young man's relationship with his father as the latter's fortunes fade, and into the now-mature man's attempts to come to grips with the death of his grandmother and what she symbolized. Abeysekara's ability to evoke the sights and sounds of another time and place, and his skill in rendering the inner lives of his characters, make Bringing Tony Home a remarkable read.

English Education in Oman Rahma Al-Mahrooqi 2018-07-02

This book explores an area that has been somewhat overlooked in the literature to date - the current status and future trends of English education in Oman. It offers a variety of theoretical and methodological approaches to the subject and explores areas of English education in Oman that have, until now, been little investigated. It explores these issues from a variety of perspectives: the professionalization of English teachers in the country; the implementation of novel teaching methodologies, curricula, and assessment approaches, into what are, in many ways, still very traditional education settings; the integration of learner identity into English language instruction; country- and culture-specific concerns with conducting research with Omani participants; the strategic demands of building stronger links between education and workforce needs; and developing learner autonomy and motivation.
