It's wintertime at Greenglass House. The creaky smuggler's inn is always quiet during this season, and twelve-year-old Milo, the innkeepers' adopted son, plans to spend his holidays relaxing. But on the first icy night of vacation, out of nowhere, the guest bell rings. Then rings again. And again. Soon Milo's home is bursting with odd, secretive guests, each one bearing a strange story that is somehow connected to the rambling old house. As objects go missing and tempers flare, Milo and Meddy, the cook's daughter, must decipher clues and untangle the web of deepening mysteries to discover the truth about Greenglass House—and themselves.

Emergency Response Guidebook - U.S.
Department of Transportation 2013-06-03
Does the identification number 60 indicate a
toxic substance or a flammable solid, in the
molten state at an elevated temperature? Does
the identification number 1035 indicate ethane
or butane? What is the difference between
natural gas transmission pipelines and natural
gas distribution pipelines? If you came upon an
overturned truck on the highway that was
leaking, would you be able to identify if it was
hazardous and know what steps to take?
Questions like these and more are answered in
the Emergency Response Guidebook. Learn how

to identify symbols for and vehicles carrying toxic, flammable, explosive, radioactive, or otherwise harmful substances and how to respond once an incident involving those substances has been identified. Always be prepared in situations that are unfamiliar and dangerous and know how to rectify them. Keeping this guide around at all times will ensure that, if you were to come upon a transportation situation involving hazardous substances or dangerous goods, you will be able to help keep others and yourself out of danger. With color-coded pages for quick and easy reference, this is the official manual used by first responders in the United States and Canada for transportation incidents involving dangerous goods or hazardous materials.

American Directory of Writer's Guidelines
Stephen Blake Mettee 2007-02

Perhaps the best-kept secret in the publishing industry is that many publishers—both periodical publishers and book publishers—make available writer's guidelines to assist would-be contributors. Written by the staff at each publishing house, these guidelines help writers target their submissions to the exact needs of

the individual publisher. The American Directory of Writer's Guidelines is a compilation of the actual writer's guidelines for more than 1,700 publishers. A one-of-a-kind source to browse for article, short story, poetry and book ideas.
