Ivy - Julie Hearn 2009-07-21
In mid-nineteenth-century London, destitute Ivy, whose main asset is her red hair, comes to the attention of a painter of the pre-Raphaelite school who, with the connivance of her family, is determined to make her his model and muse.

Girl Last Seen - Heather Anastasiu 2016-03-01
Kadence Mulligan's star was rising. She and her best friend, Lauren DeSanto, watched their songs go viral on YouTube,

then she launched a solo career when a nasty throat infection paralyzed Lauren's vocal chords. Everyone knows Lauren and Kadence had a major falling-out over Kady's boyfriend. But Lauren knows how deceptive Kadence could be sometimes. And nobody believes Lauren when she claims she had nothing to do with the disappearance. Or the blood evidence... As the town and local media condemns Lauren, she realizes the only way to clear her name is to

discover the truth herself. Lauren slowly unravels the twisted life of Kadence Mulligan and sees that there was more to her than she ever knew. But will she realize she's unknowingly playing a part in an elaborate game to cover up a crime before it's too late?

Forever Burn - Trinity Lemm
2020-05-10

Tatum Everley is a freshman at Western Michigan University. Due to an emotionally and psychologically abusive past relationship, Tate struggles from Complex-Post Traumatic Stress Disorder. She has been working on controlling her symptoms and flashbacks, but when she meets Axel Burne at a fraternity party, who is notorious for sleeping around and getting into fights, she tries her best to dodge the bullet. Axel starts to become intrigued by Tate, but she's better off choosing Lucas- the sweet guy who has been trying to take her out since orientation. But even though Lucas is the better option, Axel keeps reappearing. Tate continues to try to stay away

from him, but it starts becoming harder to, and as she gets closer to him, things start to get way out of hand. If Tate wants her happy ending and her sanity intact, then she has to push through the hardships and maintain control over her disorder.

The Story of Sorj. R. Ward
2015-04-14

First released in the anthology *Dead After Dark*, dive into this hot novella from #1 New York Times bestselling author J.R. Ward. Available for the first time ever as a standalone ebook, get lost in the sinful pleasures of a vampire so obsessed with one woman, he will relinquish her blood, if only he can have her heart... Held captive by a dark, seductive vampire with an unworldly hunger, the beautiful Claire Stroughton fears her life as a lawyer has irrevocably taken a turn for the worse. But when this deeply sensual-and highly dangerous-vampire convinces Claire that his desire for her is stronger than his lust for blood, she is compelled to give everything up to him, body and

soul...in The Story of Son.
Defying Doomsday - Tsana
Dolichva 2016

Teens form an all-girl band in the face of an impending comet. A woman faces giant spiders to collect silk and protect her family. New friends take their radio show on the road in search of plague survivors. A man seeks love in a fading world. How would you survive the apocalypse? *Defying Doomsday* is an anthology of apocalypse fiction featuring disabled and chronically ill protagonists, proving it's not always the "fittest" who survive - it's the most tenacious, stubborn, enduring and innovative characters who have the best chance of adapting when everything is lost. In stories of fear, hope and survival, this anthology gives new perspectives on the end of the world, from authors Corinne Duyvis, Janet Edwards, Seanan McGuire, Tansy Rayner Roberts, Stephanie Gunn, Elinor Caiman Sands, Rivqa Rafael, Bogi Takács, John Chu, Maree Kimberley, Octavia

Cade, Lauren E Mitchell, Thoraiya Dyer, Samantha Rich, and K L Evangelista.

Junior Encyclopedia -

This comprehensive book covers a wide range of key topics, from space and science to history and the natural world. Crammed with amazing facts and fantastic photographs, this Junior Encyclopedia provides children with a wealth of knowledge in an accessible format, while captions, annotation and special panels supply extra information.

The GMO Deception -

Sheldon Krimsky 2014-06-03

Seventy-five percent of processed foods on supermarket shelves—from soda to soup, crackers to condiments—contain genetically engineered ingredients. The long-term effects of these foods on human health and ecology are still unknown, and public concern has been steadily intensifying. This new book from the Council for Responsible Genetics gathers the best, most thought-

provoking essays by the leading scientists, science writers, and public health advocates. Collectively, they address such questions as: Are GM foods safe and healthy for us? Will GM food really solve world hunger? Who really controls the power structure of food production? Are GM foods ecologically safe and sustainable? Why is it so difficult to get GM foods labeled in the US? What kinds of regulations and policies should be instituted? How is seed biodiversity, of lack thereof, affecting developing countries? Should animals be genetically modified for food? How are other countries handling GM crops? Ultimately, this definitive book encourages us to think about the social, environmental, and moral ramifications of where this particular branch of biotechnology is taking us, and what we should do about it.

Collins Big Cat Starter -

HarperCollins UK 2012-09-01

The ideal way to try Collins Big Cat, to plug gaps and to refresh your reading resources at

unbeatable prices. Starter sets contain a complete list of titles from each band or Key Stage with a big discount on the normal price. Containing one of every title in the Collins Big Cat Lime band, with 14 books in total.

Extreme Economies - Richard Davies 2020-07-20

To predict our future, we must look to the extremes. So argues the economist Richard Davies, who takes readers to the margins of the modern economy and beyond. These extreme economies illustrate the forces that test human resilience, drive societies to failure, and promise to shape our collective future. Reviving a foundational idea from the medical sciences, Extreme Economies turns the logic of modern economics on its head by arguing that these outlier societies can teach us more about our own than we might imagine. By adapting to circumstances unimaginable to most of us, the people in these societies are pioneering the economic infrastructure of the future.

The Legend of Rah and the Muggles - N. K. Stouffer 2001

The mother of twins Rah and Zyn sends them away on a magical raft to avoid a threatened war, and they land on the isle of Aura, where Rah befriends the native Muggles while Zyn chooses a different path.

Walker Evans - Walker Evans 2001

"As novelist and poet Andrei Codrescu points out in the essay that accompanies this selection of photographs from the Getty Museum's collection, Evans's photographs are the work of an artist whose temperament was distinctly at odds with Beals's impassioned rhetoric. Evans's photographs of Cuba were made by a young, still maturing artist who - as Codrescu argues - was just beginning to combine his early, formalist aesthetic with the social concerns that would figure prominently in his later work."--Jacket.

Lenore: Wedgies (Color Edition) - Roman Dirge

2010-05-18

Return to the dark, surreal

world of Lenore, the cute little dead girl with a knack for unintentional mayhem and occasional wanton destruction in this second instalment, beautifully and painstakingly coloured by Roman Dirge himself.

CSS for Babies Sterling Sterling Children's 2016-07-19

Show your little ones how to display HTML elements properly with CSS (Cascading Style Sheets) and familiarize them with the visual patterns and symbols that make up the essential building blocks of the web.

Texas Outlaw - James Patterson 2020-03-30

To Rory Yates being a Texas Ranger is about justice, but all of that changes when he is brought to a small southern town to help uncover the mysteries behind a local

woman's death—only to discover corruption and lies. Texas Ranger Rory Yates is not keen for hero status. But it's unavoidable once his girlfriend, country singer Willow Dawes, writes a song about his bravery. Rory escapes his newfound fame when he's sent to the remote West Texas town of Rio Lobo, a municipality with two stoplights. And now, according to the Chief of Police, it has one too many Texas Rangers. Rio Lobo Detective Ariana Delgado is the one who requested Rory, and the only person who believes a local councilwoman's seemingly accidental death is a murder. Then Rory begins to uncover a tangle of small-town secrets, favors, and lies as crooked as Texas law is straight. To get to the truth before more people die, Rory is forced to take liberties with the investigation. The next ballad of Rory Yates may not be about a hero, but rather an outlaw song.

X/1999 - CLAMP (Mangaka group) 1998

Japan's greatest seer, the blind

prophet Hinoto, has foretold the end of the world. At the center of her prophecy is a young man named Kamui Shiro, who possesses startling psychic powers. Although Kamui's future seems to have been predetermined from his birth, he has a choice--save the earth, or destroy it.

Atheism - S. T. Joshi 2000
An anthology of writings on atheism, agnosticism, and skepticism by some of the world's most celebrated thinkers.

Janey the Vet Janey Lowes 2020-03-19

'Janey is like a whirlwind of

selflessness. A beautiful spirit in a beautiful country doing a beautiful thing. I encourage my children to be more 'Janey'. With more positive spirits like Janey, the world would be a better place.' - Ben Fogle In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She raised £10,000 to get started, setting up a charity called WECare Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a

make-shift surgery she had cobbled together in her new home. With very little equipment, she and her small team came up with new and ingenious ways to treat the animals. In this highly inspiring and heartfelt book full of challenges and adventure, Janey introduces us to her world and the tireless work she carries out. As she says, 'I feel as though all these dogs are my dogs and I have a responsibility to them.' In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of trauma and injury, only to be scooped up by Janey and her team and saved.

Bentley & Egg - William Joyce
2017-04-04

A shy, singing frog is left in charge of a very special egg that changes his life.

Game On! 2018 - Scholastic

A Journey with Luke - Marek Zabriskie 2015-10-06

A masterful storyteller with the compassion of a physician, Luke paints a picture of Jesus as healer, full of mercy, forgiveness, and love. The Gospel of Luke features the lovely Magnificat, Mary's love song to God, and the nativity

story heard in Christmas pageants around the world. Luke includes three parables not heard in any other gospel: the prodigal son, the good Samaritan, and the unjust judge. Luke, also believed to be the author of the book of Acts, emphasizes prayer as central to the life of faith. Join the journey with Luke with fifty days of scripture readings, meditations, and prayers written by dynamic spiritual leaders from around the world. A Journey with Luke is part of a series of fifty-day Bible studies and is an extension of The Bible Challenge, a global initiative to encourage daily engagement with the Word of God.

Pure Biology - 1981

Millionaire by Thirty -

Douglas R. Andrew 2008-04-30
Most people know that there are 70 million Baby Boomers in America today....but what is less known is that there are approximately 100 million people in America between the ages of 16 and 30. This generation has just entered, or

will soon be entering the work force. And they have no idea how to invest, save, or handle their money. Young people today come out of school having had little or no formal education on the basics of money management. Many have large debts from student loans looming over their heads. And many feel confused and powerless when their pricey educations don't translate into high paying jobs. They feel that their \$30,000-\$40,000 salary is too meager to bother with investing, and they constantly fear that there will be "too much month left at the end of their money." Douglas R. Andrew has shown the parents of this generation a different pathway to financial freedom. Now Doug and his sons, Emron and Aaron - both of whom are in their mid-20s - show the under-30 crowd how they can break from traditional 401k investment plans and instead can find a better way by investing in real estate, budgeting effectively, avoiding unnecessary taxes and using life insurance to create tax-free

income. With the principles outlined in Millionaire by Thirty, recent graduates will be earning enough interest on their savings to meet their basic living expenses by the time they're 30. And by the time they're 35, their investments will be earning more money than they are, guaranteeing them a happy, wealthy future.

Nana - Ai Yazawa 2012-10-15
Nana's band Blast is taking off in a big way--from sold-out club dates to a record label waving a contract at them. But the Trapnest menace still lurks, stealing away everything she cares for. Trapnest took her boyfriend, and even though Ren is back in her life, his band still comes first. And now her trusty sidekick Hachi is being lured away by Trapnest bassist Takumi. But this time, Nana won't give up without a fight! -- VIZ Media

Alphabeatz - Woshe 2019-08-20
Graffiti writing was born in the streets of Philadelphia in the late 1960s. But it was in New York in the early 1970s that it became a full-fledged urban

art, gradually taking over the landscape of the city, from its walls to its subway cars. This is a writing manual, a detailed examination of how graffiti writers have developed the twenty-six letters of the alphabet. It includes the contribution of ten of the international scene's most talented creators answer Woshe's questions about matters that include their practice, their relationship with letters and their backgrounds. It includes a map of New York with the sites where the most important graffiti are located.

Korean - Jaehoon Yeon
2019-06-25

Korean: A Comprehensive Grammar is a reference to Korean grammar, and presents a thorough overview of the language, concentrating on the real patterns of use in modern Korean. The book moves from the alphabet and pronunciation through morphology and word classes to a detailed analysis of sentence structures and semantic features such as aspect, tense, speech styles and negation. Updated and

revised, this new edition includes lively descriptions of Korean grammar, taking into account the latest research in Korean linguistics. More lower-frequency grammar patterns have been added, and extra examples have been included throughout the text. The unrivalled depth and range of this updated edition of Korean: A Comprehensive Grammar makes it an essential reference source on the Korean language.

Tourism Management - Clare Inkson 2022-09-14

This introductory text provides readers with a robust understanding of tourism and its industries, including how destinations are developed, marketed and managed, and how tourism impacts communities, environments and economies. The authors discuss the critical issues affecting 21st century tourism, such as sustainability, the climate crisis, globalisation, community, technology, the environment and the sharing economy. The text has been fully updated in light of the

Covid-19 pandemic and its notable, and in some cases lasting, impacts on the tourism industry. The text features new mini-case studies (snapshots) and international case studies from countries around the globe including USA, Saudi Arabia, India, China, New Zealand, Australia, Namibia and the UK. It discusses the latest trends in transport, hospitality, attractions and the travel trade and includes examples from major tourism companies including Trip.com, TUI and Airbnb. The book is suitable for students who are starting their tourism studies as part of their college or university education. Clare Inkson is a Senior Lecturer in Tourism and Course Leader of BA Tourism with Business at the University of Westminster, London. Lynn Minnaert is the Academic Director and Clinical Associate Professor at New York University's Jonathan M. Tisch Center for Hospitality and Tourism.

Pygmy Kitabu - Alex Pelle
1975

Directory of Competitive Exams in India

How Fermented Foods Feed a Healthy Gut Microbiota.

Andrea Azcarate-Peril
2019-11-28

This book examines the role of fermented foods on human gut health and offers a unique contribution to this rapidly growing area of study. Fermented foods have been consumed by humans for millennia. This method of food preservation provided early humans with beneficial bacteria that re-populated the gut microbiota upon consumption. However, novel methods of production and conservation of food have led to severed ties between the food that modern humans consume and the gut microbiota. As a consequence, there has been a documented increase in the prevalence of autoimmune diseases and obesity, which has been correlated to decreased diversity of gut microbes, while infectious disorders have decreased in the three past

decades. With the intention of providing a thorough overview of the relationship between fermented foods, nutrition, and health, the editors have grouped the chapters into three thematic sections: food and their associated microbes, the oral microbiome, and the gut microbiome. After an introduction dedicated to the environmental microbiome, Part I provides an overview of what is currently known about the microbes associated with different foods, and compares traditional forms of food preparation with current industrial techniques in terms of the potential loss of microbial diversity. The chapters in Part 2 explore the oral microbiota as a microbial gatekeeper and main contributor to the gut microbiota. Part 3 introduces beneficial modulators of the gut microbiome starting with the establishment of a healthy gut microbiota during infancy, and continuing with the role of probiotics and prebiotics in health preservation and the imbalances of the gut

microbiota. In the final section the editors offer concluding remarks and provide a view of the future brought by the microbiome research revolution. This study is unique in its emphasis on the convergence of two very relevant fields of research: the field of studies on Lactic Acid Bacteria (LAB) and fermented foods, and microbiome research. The relationship between these fields, as presented by the research in this volume, demonstrates the intimate connection between fermented foods, the oral and gut microbiota, and human health. Although research has been done on the impact of diet on the gut microbiome there are no publications addressing the restorative role of food as microbe provider to the gut microbiota. This novel approach makes the edited volume a key resource for scientific researchers working in this field.

Soft Magic - Upile Chisala
2015-09-04

'soft magic.' is the debut collection of prose and poetry

by Malawian writer, Upile Chisala. This book explores the self, joy, blackness, gender, matters of the heart, the experience of Diaspora, spirituality and most of all, how we survive. 'soft magic.' is a shared healing journey.

I Can't Do That, Yet - Esther Cordova 2017-11-13

Enna is a girl who doesn't

believe in herself and often utters the phrase "I can't do that!" One night in a dream she sees all the possible future versions of herself, discovering that she can be any of those versions with time, knowledge and dedication. She develops a growth mindset throughout her journey and instead of saying "I can't do that," she learns to say "I can't do that YET!".
