Haunting Experiences - Diane Goldstein 2007-09-15

Ghosts and other supernatural phenomena are widely represented throughout modern culture. They can be found in any number of entertainment, commercial, and other contexts, but popular media or commodified representations of ghosts can be quite different from the beliefs people hold about them, based on tradition or direct experience. Personal belief and cultural tradition on the one hand, and popular and commercial representation on the other, nevertheless continually feed each other. They frequently share space in how people think about the supernatural. In Haunting Experiences, three well-known folklorists seek to broaden the discussion of ghost lore by examining it from a variety of angles in various modern contexts. Diane E. Goldstein, Sylvia Ann Grider, and Jeannie Banks Thomas take ghosts

seriously, as they draw on contemporary scholarship that emphasizes both the basis of belief in experience (rather than mere fantasy) and the usefulness of ghost stories. They look closely at the narrative role of such lore in matters such as socialization and gender. And they unravel the complex mix of mass media, commodification, and popular culture that today puts old spirits into new contexts.

The Red Room and Other Horrors - H. G. Wells

2015-08-08

Don't you believe that classic

horror should be given the same attentive treatment that mainstream literature gets from artists, critics, and publishers? Don't you believe that the world's best supernatural fiction, horror fiction, and weird tales deserve more than a cheap paperback with a scanty bio and a kitschy, photo-shopped cover? Don't you believe that effective, masterful horror literature has the same ability to change and re-contextualize human life? At Oldstyle Tales, we believe that too. H. G. WELLS is one of those writers that we believe in -- a master of horror whose work deserves critical analysis and artistic treatment... The only illustrated collection of Wells' horror fiction currently on the market, this anthology begins and closes each story with informed critical commentary and uses crisp and unsettling illustrations to usher its reader into Wells' stark and dangerous Darwinian world. H. G. Wells has been rightfully called the father of modern science fiction, bringing a level of discombobulating other-ness

to his fantasies which would be borrowed in the fanciful horrors of H. P. Lovecraft, Ray Bradbury, and Stephen King. While his name is more closely associated with science fiction, his contributions to supernatural fiction, body horror, murder tales, dark mysteries, ghost stories, and weird fiction were brilliant. Containing Lovecraft and Bierce's cynicism, his writing is nonetheless freshened by his Darwinian education -- one which foresaw a universe crawling with hostile (if seemingly innocuous) competitors: man-eating squid, vampiric orchids, greedy demons, ghostly moths, and Insmouthian fish people. The tales included herein are guaranteed to surprise, disturb, and haunt.

Collected Ghost Stories -

Montague Rhodes James 2007

Considered by many to be the most terrifying writer in English, M.R. James was an eminent scholar who spent his entire adult life in the academic surroundings of Eton and Cambridge. His classic supernatural tales draw on the terrors of the everyday, in which documents and objects unleash terrible forces, often in closed rooms and night-time settings where imagination runs riot. Lonely country houses, remote inns, ancient churches or the manuscript collections of great libraries provide settings for unbearable menace, from creatures seeking retribution and harm. These stories have lost none of their power to unsettle and disturb. This edition presents all of James's published ghost stories, including the unforgettable 'Oh, Whistle and I'll Come to You, My Lad' and 'Casting the Runes', and an appendix of James's writings on the ghost story. Darryl Jones's introduction and notes provide

a fascinating insight into James's background and his mastery of the genre he made his own. --! From publisher's description.

2005-05-03

Haunted is a novel made up of twenty-three horrifying, hilarious, and stomach-churning stories. They're told by people who have answered an ad for a writer's retreat and unwittingly joined a "Survivor"-like scenario where the host withholds heat, power, and food. As the storytellers grow more desperate, their tales become more extreme, and they ruthlessly plot to make themselves the hero of the reality show that will surely be made from their plight. This is one of the most disturbing and outrageous books you'll ever read, one that could only come

from the mind of Chuck Palahniuk.
