*Taking Power* - John Foran 2005-11-17

Taking Power analyzes the causes behind some three dozen revolutions in the Third World between 1910 and the present. It advances a theory that seeks to integrate the political, economic, and cultural factors that brought these revolutions about, and links structural theorizing with original ideas on culture and agency. The book is divided into chapters that treat particular sets of revolutions including the great social revolutions of Mexico 1910, China 1949, Cuba 1959, Iran 1979, and Nicaragua 1979, the anticolonial revolutions in Algeria, Vietnam, Angola, Mozambique, and Zimbabwe from the 1940s to the 1970s, and the failed revolutionary attempts in El Salvador, Peru, and elsewhere. It closes with speculation about the future of revolutions in an age of globalization, with special attention to Chiapas, the post-September 11 world, and the global justice movement.

**Start with Why** - Simon Sinek 2011-12-27

The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been touched by the power of his ideas, and these ideas remain as relevant and timely as ever. *START WITH WHY* asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement, or idea until they understand the WHY behind it. *START WITH WHY* shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea *The Golden Circle*, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with WHY.

It's her advising council's first priority. It's what Parliament is demanding, and what her people want. Lenora has no desire to tie herself to a man—particularly one who only wants her for her crown. But compromises must be made and royals must do their duty. Even Queens. Especially them. \*\* Years ago, Edward Langdon Richard Dorian Rourke, walked away from his title and country. Now he's an adventurer—climbing mountains, exploring jungles, going wherever he wants, when he wants—until family devotion brings him home. And a sacred promise keeps him there. To Edward, the haughty, guarded little Queen is intriguing, infuriating...and utterly captivating.

Every dynasty has a beginning. Every legend starts with a story. This is theirs. "If you've enjoyed watching The Crown then you are going to go wild for this times about a thousand. All of the mid-twentieth century royal flavoured atmosphere, along with as much sweet and sensuous emotion and drama, you could ask for. The whole series has been nothing short of delightful. And hot. Royally hot." - Kylie Scott, New York Times bestselling author of *It Seemed Like A Good Idea* at the Time "This was a lovely read. Lenora's loneliness radiated off the pages.
